

To expand, or not to expand

The answer is to expand! qrsevlo, Inc. will be expanding into tangible goods unlike any of our other services! How far we'll go, and where we'll be when we expand is the real question.

While we've been locking

around our current headquarters in Robinson Illinois, there's little opportunity here. Yes there's a number of people looking for work, a few buildings -- but the town itself is too backwards-thinking for us. We'd have more customers in one day

around the Chicago area than we'd have in a few months here. Sad thing too, for the town really needs our new services!

So stay tuned. When we have our final location, we'll be having a "grand opening"!

Upcoming Events

We're currently planning on unleashing one of our new tangible goods at the local Harvest Festival in Robinson Illinois. While we would consider attending the other festivals in the area, certain requirements might prohibit us from attending.

As an online-primary company,

there are certain things not required for business (for that matter even capable of having), that some festivals require for attendance.

And there's the other part of this: our primary service we'll be featuring at the festival (hopefully) is vender-based! Meaning that our target

audience for the new service are the other venders, businesses, and organizations!

What's with the "ankh" anyway?

No we aren't a religious affiliated corporation! Even if we may seem like a caring, religious bunch — religion isn't the reason for our policies.

An "ankh" is an Egyptian

symbol, it's on many, if not most, of their hieroglyphics in tombs, and is simply, "life", "eternal life" or even "give life". And we like the way it looks.

Ankh — Life

Hear a rumor? (Seen or Heard About Us?)

If you've heard about us someplace online, in a paper, magazine, news media — please tell us! Unfortunately companies are sometimes the last ones to know when they're featured someplace!

Shocking to you I'm sure, but there's nothing quite like having about 500x the number of inquiries in a day to really send you rushing! And that happened to us in January when a popular magazine recommended one of our software programs to a few million people without warning.

We didn't mind, but had we of

known, we would have prepared for it.

So if you've heard of us somewhere, tell us. If you haven't — tell your local media agencies about us, and see if they might not want to do a little story on us.

We do have clients all over the world — 99.99% of our clients aren't even within 300 miles of our office!

Since we're online, the world is local — Everywhere's Local.

Tell your friends.

Of course if you've heard the nasty rumor that we exploit the masses by using free classifieds, make an offer pricing, and 35% profit giving just to get free advertising places — how'd you hear that? We haven't started it yet!
