

Harvest Festival & the TMBS

October 6th in Robinson, IL you'll find us at the festival. We should be having two booth spaces side-by-side by the courthouse.

Should since we've paid for that.

We will be highlighting out Temporary Modular Building system as well, since it'll be our booth!

Unfortunately, since the primary designer of the building system had to have minor surgery this week, the building system isn't entirely "complete" in the sense of being perfect. It's more of a beta-demo model. — Amazing what not being able to move well does when you have to construct a mini-building singlehandedly!

However, we will have it setup,

if even in a partial way.

Other company information, as well as Angel-Hearts information will be available on-site that day.

We will also be accepting orders for the building system, as well as custom-design, build, and ship items using it; or just provide a quote onsite.

Throughout the day we'll have different people at the booth, some with more knowledge of one division than others. If you show up to the festival, please stop by and take information.

We're also planning on having special discounts for website design for people showing up.

Our alcove service membership forms will be on hand as well for anyone

interested.

While we were originally intending to have our foodservice division up and running in the area; we're no longer considering Robinson, IL for any expansion projects, and are in fact planning on relocating our headquarters to another town that actually wants jobs and a better community for its people.

New & Upcoming

- Where to expand

What's with the "ankh" anyway?

No we aren't a religious affiliated corporation! Even if we may seem like a caring, religious bunch — religion isn't the reason for our policies.

An "ankh" is an Egyptian

symbol, it's on many, if not most, of their hieroglyphics in tombs, and is simply, "life", "eternal life" or even "give life". And we like the way it looks.

Ankh — Life

Hear a rumor? (Seen or Heard About Us?)

If you've heard about us someplace online, in a paper, magazine, news media — please tell us! Unfortunately companies are sometimes the last ones to know when they're featured someplace!

Shocking to you I'm sure, but there's nothing quite like having about 500x the number of inquiries in a day to really send you rushing! And that happened to us in January when a popular magazine recommended one of our software programs to a few million people without warning.

We didn't mind, but had we of

known, we would have prepared for it.

So if you've heard of us somewhere, tell us. If you haven't — tell your local media agencies about us, and see if they might not want to do a little story on us.

We do have clients all over the world — 99.99% of our clients aren't even within 300 miles of our office!

Since we're online, the world is local — Everywhere's Local.

Tell your friends.

Of course if you've heard the nasty rumor that we exploit the masses by using free classifieds, make an offer pricing, and 35% profit giving just to get free advertising places — how'd you hear that? We haven't started it yet!
